

7 miles a second pdf

Originally published as a comic book in 1996 by DC's Vertigo Comics, 7 Miles a Second was an instant critical success and has become a cult classic amongst fans of literary and art comics.

7 Miles a Second comic | Read 7 Miles a Second comic

review 1: Wojnarowicz's first-person narrative is a raw and uncensored look at the pain of living with and dying from AIDS in the early 90s. Unfortunately, it's clear that it wasn't written as a graphic novel, and the adaptation is clunky and wordy, and lettered in a manner that is not conducive to long blocks of text.
