

a methodology for social pdf

2(14) A case study is expected to capture the complexity of a single case, and the methodology which enables this has developed within the social sciences.

Case Study Methodology - psyking.net

Methodology, theory, paradigm, algorithm, and method. The methodology is the general research strategy that outlines the way in which research is to be undertaken and, among other things, identifies the methods to be used in it. These methods, described in the methodology, define the means or modes of data collection or, sometimes, how a specific result is to be calculated.
