

abortion three perspectives pdf

Abortion in Russia is legal as an elective procedure up to the 12th week of pregnancy, and in special circumstances at later stages. In 1920, Russian Soviet Republic became the first country in the world to allow abortion in all circumstances, but over the course of the 20th century, the legality of abortion changed more than once, with a ban being enacted again from 1936 to 1955.

Abortion in Russia - Wikipedia

Miscarriage, also known as spontaneous abortion and pregnancy loss, is the natural death of an embryo or fetus before it is able to survive independently. Some use the cutoff of 20 weeks of gestation, after which fetal death is known as a stillbirth. The most common symptom of a miscarriage is vaginal bleeding with or without pain. Sadness, anxiety and guilt often occur afterwards.
