Financial relationships (such as employment, consultancies, stock ownership, honoraria, paid expert testimony) are the most easily identifiable conflicts of interest and the most likely to undermine the credibility of the journal, the authors, and of science itself (International Committee of Medical Journal Editors - "Uniform Requirements for Manuscripts Submitted to Biomedical Journals"- February 2006 – cited by Pubmed, Medline database).

### **Advances in Environmental Sciences - International Journal**

We distinguish among approaches to assess transformation products of individual pollutants that are undergoing a particular transformation process, e.g., biotransformation or (photo)oxidation, and approaches with the goal of prioritizing transformation products in terms of their contribution to environmental risk.

### **ADVANCES in ENVIRONMENTAL and - wseas.org**

(Advances in Environmental Science) As a result of pioneering research in the 1960s and because of the real and perceived environmental effects described during the ensuing years, the term acidic precipitation has become commonplace in scientific and popular literature. In the last decade, governments throughout the world have
