OVERVIEW. The Illinois Department of Human Services, Division of Alcoholism and Substance Abuse (IDHS/DASA) is the state's lead agency for addressing the profound personal, social and economic consequences of alcohol and other drug abuse.

### **Division of Alcoholism and Substance Abuse - IDHS 4650**

Substance abuse, also known as drug abuse, is a patterned use of a drug in which the user consumes the substance in amounts or with methods which are harmful to themselves or others, and is a form of substance-related disorder. Widely differing definitions of drug abuse are used in public health, medical and criminal justice contexts. In some cases criminal or anti-social behavior occurs when ...

Slightly more than half of Americans aged 12 or older report being current drinkers of alcohol. SAMHSA's National Survey on Drug Use and Health (NSDUH) 2014 (PDF | 3.4 MB) reports that in 2014 there were 139.7 million current alcohol users aged 12 or older, with 23% classified as binge drinkers and 6.2% as heavy drinkers. About 17 million of these, or 6.4%, met criteria for an alcohol ...

Drug abuse and addiction, now both grouped as substance or drug use disorder, is a condition characterized by a self-destructive pattern of using a substance that leads to significant problems and distress, which may include tolerance to or withdrawal from the substance.

### **Drug Abuse & Addiction: Facts on Health Effects & Treatment**

The modern disease theory of alcoholism states that problem drinking is sometimes caused by a disease of the brain, characterized by altered brain structure and function.. The American Medical Association (AMA) declared that alcoholism was an illness in 1956. In 1991, the AMA further endorsed the dual classification of alcoholism by the International Classification of Diseases under both ...
