Cervical spine chance fracture (flexion-distraction) is a rare type of fracture, and the surgical management remains a dilemma to the neurosurgeons as there is a paucity of evidence accordingly.

**AOSpine Subaxial Cervical Spine Injury Classification System**

AO Surgery Reference is an internet-based resource for the management of fractures, based on current clinical principles, practices and available evidence. It describes the complete surgical management process from diagnosis to aftercare for fractures in a given anatomical region, and also assembles relevant published AO material.
