Bad Blood had a lot of potential but couldn't find the right balance between the stories the author was telling. The modern-day mystery lacked tension and a sense of urgency while the flashbacks were creepy and horrifying but not long enough to allow the reader to form an emotional attachment to the characters.

blood centers could either supply what they needed or import it from other regions. Yet after every disaster people queue up at blood centers in an almost Pavlovian response. That isn't so bad after a local disaster: One blood center can always ship its overflow to others, since the pipeline needs a constant infusion.
