

balancing leadership and personal pdf

The concept of balancing derives from the balance of power theory, the most influential theory from the realist school of thought, which assumes that a formation of hegemony in a multistate system is unattainable since hegemony is perceived as a threat by other states, causing them to engage in balancing against a potential hegemon.. Balancing encompasses the actions that a particular state or ...

LEADERSHIP STYLES Theory X and Theory Y In a classic study, McGregor discussed two leadership styles, Theory X and Theory Y, which are appropriate

Leadership Styles and Practices

Leadership is both a research area and a practical skill encompassing the ability of an individual or organization to "lead" or guide other individuals, teams, or entire organizations. [citation needed] Specialist literature debates various viewpoints, contrasting Eastern and Western approaches to leadership, and also (within the West) United States versus European approaches.
