This is the general knowledge questions and answers section on "Basic General Knowledge" with explanation for various interview, competitive examination and entrance test. Solved examples with detailed answer description, explanation are given and it would be easy to understand.

Basic General Knowledge - Aptitude Questions and Answers

@Basic signifies that an attribute is to be persisted and a standard mapping is to be used. It has parameters which allow you to specify whether the attribute is to be lazily loaded and whether it's nullable. @Column allows you to specify the name of the column in the database to which the attribute is to be persisted.. If you specify one without the other then you get default behaviour which ...
