E-Cronicon is dedicated towards the promotion of open access publication of research that reduces the frontier to assess the dossier needed and carry out the research work in any field.

### **ECronicon Open Access | Scientific Publications : Online**

Nitrification is the biological oxidation of ammonia or ammonium to nitrite followed by the oxidation of the nitrite to nitrate. The transformation of ammonia to nitrite is usually the rate limiting step of nitrification. Nitrification is an important step in the nitrogen cycle in soil. Nitrification is an aerobic process performed by small groups of autotrophic bacteria and archaea.

### **Nitrification - Wikipedia**

Nucleic acid amplification and detection techniques are among the most valuable tools in biological research today. Scientists in all areas of life science basic research, biotechnology, medicine, forensics, diagnostics, and more utilize these methods in a wide range of applications.
