We love the DK Peekaboo books - this was our 7th one we purchased. The pictures in this one are bright and colorful. It has a couple of particularly great touch and feels - the sandpaper texture with construction equipment to name one. My 9-month old loves this one. It would be great for a baby already interested in vehicles.

There's action on every page with the flip page to reveal the 'peekaboo' item. There's a touch and feel area on e A lot of board books out there are crap. The thing with board books is that they have to have a good balance - exciting pictures, engaging text and 'action'.
