network as the primary means of communication. Initially social networks started with simply a profile picture, profile details, and some form of a wall, and drove most of their usage via communication. Social network is a new communication medium along which people broadcast and receive various bits of information.

Effectiveness of Social Media as a tool of communication

Defining Communication. Communication, like many other such broad concepts (for example, – culture –), is difficult to define. It may not be fruitful to try and come up with a single definition. Instead, we may try and identify the elements of communication.
