The European Bioinformatics Institute (EMBL-EBI) is an IGO which as part of the European Molecular Biology Laboratory (EMBL) family focuses on research and services in bioinformatics

### **European Bioinformatics Institute - Wikipedia**

Computational biology and bioinformatics complement the experimental biosciences with quantitative modeling and data analysis at a complexity level adapted to living systems.

### **Master in Computational Biology & Bioinformatics - ETH Z**

Introduction. Computational Biology, which includes many aspects of bioinformatics, is the science of using biological data to develop algorithms or models to understand biological systems and relationships. Until recently, biologists did not have access to very large amounts of data.

### **Computational biology - Wikipedia**

A Genome Browser is now available for the Proboscis Monkey (*Nasalis larvatus*) assembly released in November 2014 by the Proboscis Monkey Functional Genome Consortium. For more information and statistics about this assembly, see the NCBI assembly record for Charlie1.0. There are 553,412 contigs and 319,549 scaffolds in this assembly with a total size of 3,011,966,170 bases.

Die Bioinformatik (englisch bioinformatics, auch computational biology) ist eine interdisziplinäre Wissenschaft, die Probleme aus den Lebenswissenschaften mit theoretischen computergestützten Methoden löst. Sie hat zu grundlegenden Erkenntnissen der modernen Biologie und Medizin beigetragen. Bekanntheit in den Medien erreichte die Bioinformatik in erster Linie 2001 mit ihrem wesentlichen ...

Metagenomics, based on next-generation sequencing (NGS), has been available for a decade and is now widely used for research purposes. In parallel, clinicians are currently paying a growing interest in how NGS could help in the diagnosis and management of several diseases.

Uricase (auch bekannt unter Uratoxidase) ist ein Enzym, das in Leber, Milz und Nieren vieler Säugetiere und bei vielen wirbellosen Tieren vorkommt. Beim Menschen, Menschenartigen und Vögeln kommt Uricase jedoch nicht vor. Die Uricase in vielen Lebewesen ist kupferhaltig, die Uricasen in der Sojabohne (*Glycine max*), im Pilz *Aspergillus flavus* und im *Bacillus subtilis* jedoch nicht.

The mechanism that governs tissue regeneration following severe damage to the colonic epithelium remains poorly understood. Jensen and colleagues show that the colonic epithelium undergoes a profound reprogramming into a more primitive state with fetal-like properties. Moreover, they demonstrate that YAP and TAZ operate as essential mechano-sensors during tissue reprogramming.

Proteómica es el estudio a gran escala de las proteínas, en particular de su estructura y función. [1] [2] Las proteínas son partes vitales de los organismos vivos, ya que son los componentes principales de las rutas metabólicas de las células. El término proteómica fue acuñado en 1997 [3] como una analogía con genómica, el estudio de los genes.

## **Proteómica - Wikipedia, la enciclopedia libre**

Fig. 1 illustrates a typical experimental workflow for protein identification and characterisation using MS/MS data. The starting point is a protein sample, which may be a single protein or a complex mixture of proteins. An enzyme, often trypsin, digests the proteins to peptides.

La bio-informatique est un champ de recherche multi-disciplinaire où travaillent de concert biologistes, médecins, informaticiens, mathématiciens, physiciens et bio-informaticiens, dans le but de résoudre un problème scientifique posé par la biologie. Le spécialiste qui travaille à mi-chemin entre ces sciences et l'informatique est appelé bio-informaticien ou bionaute.

## **Bio-informatique – Wikipedia**

Summary In many fields today, multiple sets of data are readily available. These might either refer to multimodal data where information about a given phenomenon is obtained through different types of acquisition techniques, or multiset data where the datasets are all of the same type but might be acquired from different subjects, at different time points, or under different conditions.
