If you've ever flown, you've probably heard a cabin attendant do the pre-flight commentary and say, "in the event of rapid cabin depressurization, oxygen masks will descend from the panel above your head". Then you're instructed to put on your own oxygen mask first before assisting your fellow passengers. Hearing that simple directive always gives [a]

Lee Rhodes founded glassybaby in 2001 after a chance meeting between a tealight and a hand-blown glass vessel during her seven-year bout with cancer. Rhodes developed the idea for glassybaby's one-of-a-kind votives and drinkers with the core mission of helping cancer patients she met during treatment afford basic needs such as bus fare, childcare, or groceries.

Divorce and separation have direct impact on children's development. In addition to understanding how

they can influence behaviour, this topic aims to provide a better understanding of the possible effects according to the child's age and how to lessen these effects through various interventions.

### **Divorce and separation: Special considerations for infants**

Severe childhood epilepsies are characterized by a high seizure burden and are often associated with neurodevelopmental delays. When traditional medications fail to control a child's seizures, families look to alternative treatments to help their children.

"Storytelling" is a bit of a buzz word... except when it's actually put to good use. Then it's just marketing genius. See how to use it in this post.

### **Storyhacking: How to use storytelling to sell (2016)**

According to a literature review by Christopher Spera (2005), Darling and Steinberg (1993) suggest that it is important to better understand the differences between parenting styles and parenting practices: "Parenting practices are defined as specific behaviors that parents use to socialize their children", while parenting style is "the emotional climate in which parents raise their children".

### **Parenting styles - Wikipedia**

1. Adversity. In 2013, the United States reached an educational milestone. For the first time, a majority of the country's public school students – 51 percent of them, to be precise – fell below the federal government's threshold for being "low income," meaning they were eligible for a free or subsidized school lunch.

2.4.. Avoidant defenses and the unwanted return of the repressed One of the central tenets in the psychodynamic approach to inner conflicts and defenses is that unacceptable or unmanageable thoughts, feelings, and motivational impulses can be actively suppressed or repressed, yet continue to remain active in the unconscious and at times resurface in experience and action (Freud, 1936, Freud, 1959).
