The State of the World's Cities Report 2012 presents, with compelling evidence, some of the underlying factors behind these crises that have strongly impacted on cities.

### **STATE OF THE WORLD'S CITIES 2012/2013**

Determining the world's largest cities depends on which definitions of city are used. The United Nations uses three definitions for what constitutes a city, as not all cities may be classified using the same criteria. Cities may be defined as the cities proper, the extent of their urban area, or their metropolitan regions.
