Through the Super Efficient Home Appliances Initiative, CEE promotes the manufacture and sales of energy efficient clothes washers. CEE has developed a set of specifications and a qualifying products list to define energy efficiency and works with initiative participants (utilities and energy organizations) to promote qualifying washers through incentive, educational, and promotional programs.

Clothing (also known as clothes, apparel and attire) is a collective term for items worn on the body. Clothing can be made of textiles, animal skin, or other thin sheets of materials put together. The wearing of clothing is mostly restricted to human beings and is a feature of all human societies. The amount and type of clothing worn depend on body type, social, and geographic considerations.
