

communicative perspectives on teaching pdf

The approach to language teaching that can be broadly labelled as communicative language teaching emerged in the 1970s and 1980s as the emphasis switched from the mechanical practice of language patterns associated with the Audiolingual Method to activities that engaged the learner in more meaningful and authentic language use. Twenty years on it is interesting to look at the legacy of the ...

Whole language describes a literacy philosophy which emphasizes that children should focus on meaning and strategy instruction. It is often contrasted with phonics-based methods of teaching reading and writing which emphasize instruction for decoding and spelling. However, from whole language practitioners' perspective, this view is erroneous and sets up a false dichotomy.
