Coping with the loss of someone or something you love is one of life’s biggest challenges. Often, the pain of loss can feel overwhelming. You may experience all kinds of difficult and unexpected emotions, from shock or anger to disbelief, guilt, and profound sadness. The pain of grief can also ...

Coping with Grief and Loss: Dealing with the Grieving

Appraisal theory is the theory in psychology that emotions are extracted from our evaluations (appraisals or estimates) of events that cause specific reactions in different people. Essentially, our appraisal of a situation causes an emotional, or affective, response that is going to be based on that appraisal. An example of this is going on a first date.

Auditory hallucination is a positive symptom of schizophrenia and has significant impacts on the lives of individuals. People with auditory hallucination require considerable assistance from mental health professionals. Apart from medications, they may apply different lay methods to cope with their voice hearing. Results from qualitative interviews showed that people with schizophrenia in the ...

Pleural mesothelioma. This is a type of cancer that starts in the membrane that covers the lungs. Although it develops in the chest and involves the lining of the lungs, it is not a lung cancer and it is treated differently to lung cancer.. Pleural mesothelioma is the most common type of mesothelioma, and accounts for about 90% of all mesotheliomas.
