The American Blindspot': Reconstruction According to Eric Foner and W.E.B. Du Bois. Yet even as he bemoaned the neglect of black people within the intellectual annals of modernity, Du Bois paradoxically worked outward from a deep grounding in German Romanticism, classic liberalism, and traditional political theory.

The Reconstruction era was the period from 1863 to 1877 in American history. The term has two applications: the first applies to the complete history of the entire country from 1865 to 1877 following the American Civil War; the second, to the attempted transformation of the 11 ex-Confederate states from 1863 to 1877, as directed by Congress.

The Post-war Reconstruction of Europe, 1945-1955 Since the end of the Cold War, the decade following the Second World War has gained new significance. Historians have become particularly interested in the question of how Europe, which emerged from the war as a physical and moral wasteland, could rebuild itself so dramatically and successfully.
