intimate partner violence during pregnancy is a risk factor for women's increased risk of being killed by an intimate partner. For example, an examination of police and medical examiner records in 11 US cities showed that preg-

Intimate partner violence during pregnancy Information sheet

Domestic violence can happen to anyone regardless of race, age, sexual orientation, religion, or gender. Domestic violence affects people of all socioeconomic backgrounds and education levels. Domestic violence occurs in both opposite-sex and same-sex relationships and can happen to intimate partners who are married, living together, or dating.

DOMESTIC VIOLENCE - gfwc.org

As expected, the levels of domestic violence in this sample were relatively low, with the domestically violent men reporting, on average, three to four violent acts ($M = 3.7$, $SD = 3.67$) in the year prior to assessment.
