Good to Great: Why Some Companies Make the Leap... and Others Don't is a management book by Jim C. Collins that describes how companies transition from being good companies to great companies, and how most companies fail to make the transition. The book was published on October 16, 2001. "Greatness" is defined as financial performance several multiples better than the market average over a ...

The Way I See It...: Leapforce At Home Exam Questions

When I wrote Don't Make Me Think, my intent was to help people learn to think like a usability expert: to ask the same questions that I have in mind when I'm trying to make something more usable.. I believed that with a little bit of instruction most people could do a lot of what I do themselves, since much of it just seems like common sense once you hear it explained.

Every spring, as soon as the ground stops freezing, I stop wearing shoes. Every year I become more convinced that shoes are completely unnecessary in most circumstances. I believe that the human foot is perfectly designed for walking and running on almost any terrain without being enclosed in a shoe. As a result, here are thirteen reasons I prefer to go barefoot.
