

economic development the family pdf

resources use, economic activity, and economic structures. " Resources are used inefficiently when directed towards policies that weaken families in stead of policies that strengthen them. This, in turn, hampers the sustainability of real economic growth and perpetuates poverty.

The Family and Economic Development

A family's place in society depends, to some extent, on the economic functions it performs, and these functions follow the needs of the prevalent mode of production. Economic development leads to a breakdown of the family as a production unit.
