historic events are important determinants of economic development today. The origins of this literature can be traced to three lines of research that began roughly one decade ago. Engerman & Sokoloff (1997, 2002) examined the importance of factor endowments and colonial rule for the subsequent economic development of colonies within the Americas.

" Writing the Economic Survey with the staff of the Economic Division and Team CEA has been one of the most rewarding and thrilling experiences as Chief Economic Adviser, and indeed of my professional life. The Indian economy is infinitely susceptible to analysis: even scores of more Surveys will only touch the tip of its richness and complexity.
