When European farmers arrived in North America, they claimed it with fences. Fences were the physical manifestation of a belief in private ownership and the proper use of landâ€”enclosed, utilized, defendedâ€”that continues to shape the American way of life, its economic aspirations, and even its form of government.

Ecosystem services are the many and varied benefits that humans freely gain from the natural environment and from properly-functioning ecosystems. Such ecosystems include, for example, agroecosystems, forest ecosystems, grassland ecosystems and aquatic ecosystems. Collectively, these benefits are becoming known as 'ecosystem services', and are often integral to the provisioning of clean drinking ...
