Economists in international agencies : an exploratory study

For economists from different backgrounds (i.e., economies which are capitalistic, welfare-oriented, underdeveloped, etc.), of different nationalities, and working in different capacities with organizations of differing international functions, there can surely be no single prototype.

INTERNATIONAL ECONOMICS - GBV

International agencies of many kinds hire economists for a variety of roles. Additional languages, strong communication skills, experience with diverse cultures, and statistical skills are often important. The World Bank, for example, offers jobs for economists. The Bank has an internship program as well.

What Can I do With a Major in Economics?

Globalization and Its Challenges Stanley Fischer 1 2 ... a decade, he had become one of the outstanding policy economists of our time. In his ... trade in goods and services, the increasing volume of international financial flows, and increasing flows of labor. As is well known to our profession, economic globalization

Globalization and Its Challenges - PIIE

1. Cultural affinity 2. Geography and transport costs determine the volume of trade. Impediments to trade:

Distance, Barriers, and Borders A strong negative effect of distance on international trade: say that 1 percent increase in the distance between two countries is associated with a fall of 0.7 to 1 percent in the trade between those countries. ...

Resumen part 1 (international economics).pdf

Majoring in International Economics thus prepares students to apply their expertise to a wide variety of global issues, ranging from international policy to regional economies and more. International economics majors, like all students within the Edmund A. Walsh School of Foreign Service, develop acute analytical and critical thinking skills.

What Can I Do with My International Economics Major

The message from economists that international trade in services is nothing new and likely to be beneficial is enormously frustrating to non-economists, especially politicians.

The Politics and Economics of Offshore Outsourcing

The Economist offers authoritative insight and opinion on international news, politics, business, finance, science, technology and the connections between them.

The Economist - Official Site

international economics is the idea that there are gains from trade-that is, that when countries sell goods and services to one another, this is almost always to their mutual benefit. The range of circumstances under which international trade is beneficial is much wider than most people appreciate.
