education and politics from pdf

As an academic discipline the study of politics in education has two main roots. The first root is based on theories from political science while the second root is footed in organizational theory. Political science attempts to explain how societies and social organizations use power to establish regulations and allocate resources. Organizational theory uses scientific theories of management ...

Education is the process of facilitating learning, or the acquisition of knowledge, skills, values, beliefs, and habits. Educational methods include storytelling, discussion, teaching, training, and directed research. Education frequently takes place under the guidance of educators, but learners may also educate themselves. Education can take place in formal or informal settings and any ...
