Learning and Teaching. Intel's 360° approach to education technology keeps the focus on a student-centered learning experience. It gives educators access to digital tools, content and data that takes personalized learning to the next level.

### **Intel® Education - Enhanced Learning with Educational**

Education technology is assisting in a huge change in educational practice. This is not really something new, as education technology has been changing over several decades. When we first began teaching, it was said that teachers from the 19 th century would experience limited difficulty in working in those classrooms. This would certainly not be the case now.
