

educational research for social pdf

Educational research refers to the systematic collection and analysis of data related to the field of education. Research may involve a variety of methods. Research may involve various aspects of education including student learning, teaching methods, teacher training, and classroom dynamics. Educational researchers generally agree that research should be rigorous and systematic.

Educational research - Wikipedia

Journal of Educational and Social Research", is a professional, double-blind, peer-reviewed, open-access journal publishing high-quality scientific articles in the fields of education and social sciences.

Journal of Educational and Social Research

Educational psychology is the branch of psychology concerned with the scientific study of human learning. The study of learning processes, from both cognitive and behavioral perspectives, allows researchers to understand individual differences in intelligence, cognitive development, affect, motivation, self-regulation, and self-concept, as well as their role in learning.

Research has shown that marijuana's negative effects on attention, memory, and learning can last for days or weeks after the acute effects of the drug wear off, depending on the person's history with the drug. 53 Consequently, someone who smokes marijuana daily may be functioning at a reduced intellectual level most or all of the time. . Considerable evidence suggests that students who ...
