Most reef fishes are safe with a zebra moray as long as the eel is regularly fed. These eels are too large and "clumsy" to be kept with most sessile invertebrates and they definitely should not be kept in small reef systems.

A Serpent For Your Reef Tank: A Look at Fish-Safe Eels by

If you wish an eel in a reef tank the Snowflake eel is the #1 choice. They won't bother sessile invertebrates, will not harm corals, no harm to even small fish. Some creative aquascaping will be required though to provide them with a dimly lit home if keeping them with light-loving corals.
