research program, House and his associates use both methods to study leadership in 170 countries (House et al, 1999). Others argue for process-focused studies to better understand the hows and whys of transformational and charismatic leadership (Bass, 1995; Lowe and Gardner, 2001).

A R T I C L E Qualitative Research Sonia Ospina Robert F

In methodology, pragmatism was a broad philosophical attitude toward the formation of concepts, hypotheses, and theories and their justification. For pragmatists, the individual's interpretations of reality are motivated and justified by considerations of their efficacy and utility in serving his interests and needs.
