

energy security climate change pdf

The American Clean Energy and Security Act of 2009 (ACES) was an energy bill in the 111th United States Congress that would have established a variant of an emissions trading plan similar to the European Union Emission Trading Scheme. The bill was approved by the House of Representatives on June 26, 2009 by a vote of 219-212, but was never brought to the floor of the Senate for discussion or a ...
