Moral sense theory (also known as moral sentimentalism) is a theory in moral epistemology and meta-ethics concerning the discovery of moral truths. Moral sense theory typically holds that distinctions between morality and immorality are discovered by emotional responses to experience. Some take it to be primarily a view about the nature of moral facts or moral beliefs (a primarily metaphysical ...

1. Aims and Methods of Moral Philosophy. The most basic aim of moral philosophy, and so also of the Groundwork, is, in Kant's view, to seek out the foundational principle of a metaphysics of morals, which Kant understands as a system of a priori moral principles that apply the CI to human persons in all times and cultures. Kant pursues this project through the first two chapters ...
