Quality of Supply Standards: Is EN 50160 the answer? Abstract From a regulatory perspective, the European Union has been a leader in developing and implementing quality of

Quality of Supply Standards: Is EN 50160 the answer?

Quality standards for those working in this field, as well as the programmes they operate, are absolutely crucial in this. Standards are also a powerful tool for forcing continual improvement, as they allow

performance to be compared over time and among competing organisations.
