Ecology and Evolutionary Biology (EEB) is a peer-reviewed, open access journal that publishes original research articles as well as review articles in all areas of ecology and evolutionary biology. The aim of the journal is to integrate perspectives across molecular and microbial evolution, behavior, genetics, ecology, life histories, development, paleontology, systematics and morphology.

Ecology and Evolutionary Biology :: Science Publishing Group

Evolutionary Ecology is a concept-oriented journal of biological research at the interface of ecology and evolution. We publish papers that therefore integrate both fields of research: research that seeks to explain the ecology of organisms in the context of evolution, or patterns of evolution as ...
