A feral animal or plant (from Latin fera, "a wild beast") is one that lives in the wild but is descended from domesticated individuals.. As with an introduced species, the introduction of feral animals or plants to non-native regions may disrupt ecosystems and has, in some cases, contributed to extinction of indigenous species.The removal of feral species is a major focus of island restoration

Feral - Wikipedia

A feral child (also called wild child) is a human child who has lived isolated from human contact from a very young age, and so has had little or no experience of human care, behavior or human language. There are several confirmed cases and other speculative ones. Feral children may have experienced severe abuse or trauma before being abandoned or running away.
