Finance is a field that is concerned with the allocation of assets and liabilities over space and time, often under conditions of risk or uncertainty. Finance can also be defined as the art of money management. Participants in the market aim to price assets based on their risk level, fundamental value, and their expected rate of return. Finance can be split into three sub-categories: public ...

NWQ Investments Comments on Coca-Cola - Aug 17, 2017. We purchased Coca-Cola stock following weakness in its share price. The stock has underperformed the broader staples index over the last five years as earnings have modestly declined largely due to foreign exchange headwinds and slowing emerging markets (particularly Mexico, Brazil and China).
