Calligraphy is an art form that has been closely associated with political power throughout China's history. Tang Taizong (r. 626-649 AD) himself was an avid collector of Wang Xizhi calligraphy during his day, and went to extreme lengths to gather up all the known extant Wang Xizhi works.

### **Early Tang Court Calligraphy - University of Washington**

MORE: Early Tang court calligraphy and collection practices likely followed Taizong's own personal interests. By the Tang dynasty, a substantial body of Wang Xizhi's calligraphic works, in both original and copy form, existed.

### **Chinese Antiquity and Court Spectacle in Early Kanshi**

In Tang China (618-907 CE) policies and political interaction took shape at court, in the context of palace life. The placement of the historians within the precincts of the palace was an illustration of the 'politicization of history', the institutional and political appropriation of history writing by the Tang court. This chapter discusses the timing of the history project, and shows that it ...
