Fun Japanese Animals Stencils Dover Pdf Downloads

Create animal cards. Cut the cards in half. I.e. the head of a cow and then the bottom of a cow. Ss need to know the Japanese for animals, numbers, body parts, features, verbs associated with animals (fly, swim, walk etc). Give each Ss an animal card in random order. Ss mingle around the class finding their other half.

Teacher says an animal and a number and students slap the corresponding counter karuta. The Ss in the pair that slaps the quickest gets to keep the card. The winner is the person with the most karuta at the end. EXTRA: The winning student must say a sentence with the correct animal and counter.

Counting - Japanese Teaching Ideas

In the south there are south-east Asian species, typical of tropical regions. Between these areas lies the temperate zone which shares many species with Asian continent. This unique biodiversity environment produced Japan's some of the most diversified biogeocenosis in the world. Out of 50,000 animal species in Japan, 279 are the endemic species.

In the "Fun with Japanese" series you will learn about the many words that depict the four seasons of Japan. Japanese culture places great importance on the changing seasons of spring, summer, autumn and winter. Also included in the series are some of the many idiomatic phrases and onomatopoeia used in daily Japanese.
