Gender mainstreaming is the public policy concept of assessing the different implications for people of different genders of any planned policy action, including legislation and programmes, in all areas and levels. Mainstreaming essentially offers a pluralistic approach that values the diversity among people of different genders. The concept of gender mainstreaming was first proposed at the ...

Gender mainstreaming - Wikipedia

Gender is the range of characteristics pertaining to, and differentiating between, masculinity and femininity. Depending on the context, these characteristics may include biological sex (i.e., the state of being male, female, or an intersex variation), sex-based social structures (i.e., gender roles), or gender identity. Traditionally, people who identify as men or women or use masculine or ...
