Gender Through the Prism of Difference - Paperback

The editors invoke the image of a prism, through which different groups are seen not as distinct, but in "a continuous spectrum". The prism approach illustrates the varied ways that gender is constructed relationally, and thus experienced differently.

This engaging collection of readings presents a multifaceted view of contemporary gender relations. Using other inequalities such as race, class, and sexual orientation as a prism of difference, the readings present gender as it is situated in sexual, racial-ethnic, social class, physical abilities, age, and national citizenship contexts.
