

## DOWNLOAD GENDERED STRATEGIES AMONG MIGRANTS FROM NORTHERN GHANA SOCIAL NETWORKING AND GENDERED ETHNIC SPACES

### **gendered strategies among migrants pdf**

The high level of migration of people from Northern to Southern Ghana is rooted in historical antecedents. The general objective of this study is to explore the gendered strategies of migrants from Northern to Southern Ghana through social networks for the purpose of gaining access to the informal economy.

### **GENDERED STRATEGIES AMONG MIGRANTS FROM - bora.uib.no**

Restrictive legislation since 1975 has challenged gender relations in migrant communities. The gendered production of immigrant identities merits special attention; women's and men's diverse experiences require differing strategies of adjustment.

### **Liminal Lives: Immigration Status, Gender, and the**

Gender is a socio-cultural construct of female and male identity that shapes how individuals live and interpret the world around them. Gender is not natural; it is learned in society through direct and indirect means. Although some may think that gender mainly applies to women, gender refers equally to ideas about females and males.

### **Women, Men, and the Changing Role of Gender in Immigration**

ABSTRACT Since the late 1990s, migration of single women from the rural north to the urban south in Ghana has been making up a growing share of migrant streams.

The high level of migration of people from Northern to Southern Ghana is rooted in historical antecedents. The general objective of this study is to explore the gendered strategies of migrants from Northern to Southern Ghana through social networks for the purpose of gaining access to the informal economy.

### **Gendered Strategies Among Migrants From Northern Ghana in**

Such careers are being developed not only in tandem, but also often in negotiation, with gender relations in the family. Much of the existing literature in skilled migration studies has concentrated on the principal migrant and work-related context, treating the family as a rather secondary terrain.

### **Career Strategies and Spatial Mobility among Skilled**

migration whether first to the Gulf countries in the 1970s or to the booming Asian tiger economies in the late 1980s. However, what has developed especially since the 1990s has been a "gendered migration process." The increased visibility of women as labour migrants in the region has brought

### **migration focus on gender - International Organization for**

1) Frequently, both migrant fathers and mothers leave children in their home countries. The lived experiences of these processes are deeply gendered. Migrant mothers develop strategies to accommodate these separations and create new forms of relating to their children.
