Description. This engaging and accessible introduction to geographic thought explores the major thinkers and key theoretical developments in the field of human geography.

Geographic Thought: A Critical Introduction | History

A lot of geographic thought has happened in the meantime. Despite the time taken to write it, this book has become very important to me. Writing it has taught me how much I did and do not know. Using my lecture notes was never going to be enough. I have gone back and re-read many classic texts I have not looked at since I
