Amazon.com: Customer reviews: Gestalt, Vol. 3

Abstract Gestalt psychotherapy is presented as a synthesis of a number of psychological traditions. Two particular techniques are described in detail: the empty chair technique which is a strategy that focuses on the parents' internalized object relations which are played out between themselves and with their children; and the Gestalt experiment which is a strategy that focuses on the contact ...

Gestalt Coaching - Gestalt Therapy

OBJECTIVE. The Gestalt theory of modern psychology is grounded in the ideas that holistic rather than atomistic approaches are necessary to understand the mind, and that the mental whole is greater than the sum of its component parts.

Gestalt Theory: Implications for Radiology Education

The development of Gestalt thinking, especially the work of Fritz Perls, is reviewed. It is suggested that the Gestalt process has been marred in the past by placing too much power with the therapist. Gestalt can be used more appropriately in Interpersonal Skills Training by giving more real involvement to the learner.

Emergence: The Gestalt Approach to Change | Cleveland

Gestalt Theory asserts that music is a unified totalityâ€”the whole gives meaning to the parts. This project demonstrates that three seemingly dissimilar musical philosophies include and prefigure the same foundational principles, although the theories reach different conclusions about musical meaning.

"Formalism and Gestalt Theory Span Centuries of Music

Overview. Edwin Nevis described Gestalt therapy as "a conceptual and methodological base from which helping professionals can craft their practice". In the same volume, Joel Latner stated that Gestalt therapy is built upon two central ideas: that the most helpful focus of psychotherapy is the experiential present moment, and that everyone is caught in webs of relationships; thus, it is only ...
