5 iff Innovations leaders: social prestige is one of their biggest drivers. Their natural desire to be trend setters causes the â€œtake-offâ€• of an innovation.

Changeology

Innovation leadership is a philosophy and technique that combines different leadership styles to influence employees to produce creative ideas, products, and services. The key role in the practice of innovation leadership is the innovation leader. Dr. David Gliddon (2006) developed the competency model of innovation leaders and established the concept of innovation leadership at Penn State ...

A patent is a form of intellectual property. A patent gives its owner the right to exclude others from making, using, selling, and importing an invention for a limited period of time, usually twenty years. The patent rights are granted in exchange for an enabling public disclosure of the invention. People who are employed to do research are often obligated by their employment contracts to ...
