Global Shadows Africa In The Neoliberal World Order Free

Global Shadows is one of the most thoughtful, provocative, intelligent books written about Africa in a very long time. It raises in the most profound possible way the question of what precisely Africa is in the twenty-first century: a place, a predicament, an imaginative object, a discursive trope, a "place-in-the-world"™ whose economies ...

Global Shadows | Duke University Press

Shadows: Africa and the World, that even within the social science literature, African realities are depicted in dark terms, often as shadows of something else. Where states are described as "shadow states" and economies as "shadow

[PDF] Global Shadows: Africa in the Neoliberal World Order

Ferguson makes the important point that socially "thin" extractive industries have been the basis of colonial (and, if we accept the term, neo-colonial) economic domination of Africa for much of the past 100 years.

Global Shadows: Africa in the neoliberal world order, by

In *Global Shadows* the renowned anthropologist James Ferguson moves beyond the traditional anthropological focus on local communities to explore more general questions about Africa and its place in the contemporary world. Ferguson develops his argument through a series of provocative essays which open "as he shows they must" into interrogations of globalization, modernity, worldwide inequality, and social justice.
