

globalization and politics in pdf

Globalization or globalisation is the process of interaction and integration among people, companies, and governments worldwide. Globalization has grown due to advances in transportation and communication technology. With increased global interactions comes the growth of international trade, ideas, and culture. Globalization is primarily an economic process of interaction and integration that's ...

Globalization - Wikipedia

Global politics, also known as world politics, names both the discipline that studies the political and economical patterns of the world and the field that is being studied. At the centre of that field are the different processes of political globalization in relation to questions of social power.. The discipline studies the relationships between cities, nation-states, shell-states ...
