PDF Globalization Armed Conflicts And Security Download

In spite of the plethora of literature on security and globalization, there is relatively little work written by security specialists that interconnects the two. In the case of security studies, this has been in no small part because the field remains entrenched in the 'foodfight' of competing realist, liberal, and constructionist research programs.

Globalization and the Study of International Security

Global technological and economic developments offer opportunities to promote economic prosperity, eradicate disease, and advance political freedom, which in turn hold out the possibility of actually ameliorating the transnational threats and indirectly some of their underlying causes.

Globalization's Security Implications | RAND
