

graphite grades mersen pdf

Mersen , a worldwide leader in iso-molded graphite, offers a complete range of graphite grades to suit any EDM graphite applications. In order to satisfy customers and meet their unique specifications and requirements, new materials with improved properties and performance are constantly being developed.

Graphite Grades | Mersen USA | World leader in Isostatic

Mersen Graphite offers all high temperature industries an innovative and wide range of smart, cost-effective graphite-based solutions. From thermal transfer to thermal insulation, Mersen Graphite provides engineering resources to help customers simulate and design the best solution to perform the desired function.

Industries Served | Mersen Graphite

Mersen Graphite offers a wide variety of extruded graphite grades through our Greenville, MI. facility. Extruded graphite is a coarse grain, lower priced material with low electrical resistivity excellent thermal shock resistance.
