

### **group discussion methods of pdf**

A group discussion is a type of meeting, but it differs from the formal meetings in a number of ways: It may not have a specific goal – many group discussions are just that: a group kicking around ideas on a particular topic. That may lead to a goal ultimately...but it may not.

### **Section 4. Techniques for Leading Group Discussions**

9. Debate (aka. Structured Controversy): In this discussion method, the class is divided into two groups of participants, who then debate a topic in a reasoned and organized fashion. This could be a formal parliamentary debate or a more simplistic model. A debate usually involves these parts: a. Decide upon the motion to be debated.

### **Small Group Discussion Protocols (20 Examples)**

Discussion Method emphasises pupil-activity in the form of discussion, rather than simply telling and lecturing by the teacher. Thus, this method is more effective. 2. Participation by Everybody. In this method, everybody participates in the discussion, and therefore thinks and expresses himself. This is a sure way of learning. 3.
