"Healing the Body Politic" examines the contested place of health and development in El Salvador over the last two decades. It recounts the dramatic story of radical health activism from its origins in liberation theology and guerrilla medicine during the third-world country's twelve-year civil war, through development of a remarkable "popular health system," administered by lay providers in a ...

xi PROLOGUE: TERROR AND HEALING IN EL SALVADOR In the first spring of the new millennium, eight years after the civil war, residents of San Salvador found themselves caught in an eerie dusk. On March 6, 2000, hundreds of riot police, in an action reminiscent of the war years, fired tear gas into a hospital emergency room occupied by protesting health workers, then stormed the building.
